A1. We strongly advise that you do not accept Travellers Cheques as a form of payment, please seek an alternative method of payment.

Our Travellers Cheques are non-transferrable; therefore we will be unable to assist with an encashment request on this basis. We will only be able to manage an encashment request with the original purchaser. Please ask the current holder of the Travellers Cheques to contact us directly so that we can process the encashment request with them. Please decline any sale you are currently undertaking with the purchaser until funding is confirmed.

A2. A 7% service charge, per claim value, will be deducted from the final payment, this is to cover administration costs.

Q4. What exchange rate will be used?

A4 The relevant foreign exchange rate used to make the payment is the rate at a Travelex store located in Central London at 7.30am on the day the Travellers Cheque is received.

The foreign exchange rate used for converting the currency of the Travellers Cheque to the currency of the holder's request will be via GBP (Pounds Sterling). For example, if the Travellers Cheque are as Australian Dollars and the currency of the payment selected is US Dollars, then Travelex would convert the Australian Dollars into Pounds Sterling, and then into US Dollars.
